

## WARRANTY TERMS

Geoves company is obliged to respond to the "manufacturer's warranty" only in cases provided for by Presidential Decree May 24, 1988 224. Each instrument is sold after strict inspection; if any manufacturing defect were detected, it must contact Geoves company or the distributor where the instrument is been purchased.

During the warranty period (**24 months** from the date of bill of sale), all manufacturing defects found will be repaired free of charge; are excluded of guarantee all cases of incorrect use, wear and tear, neglect, lightning strike, theft and damage during transport and / or any other external cause not resulting from a defect constructive.

Geoves SNC will repair the products that results defective, repairing or replacing free of charge any parts that, within the warranty period, it is not efficient to its own judgment. It's excluded the complete replacement of the product, if not at the discretion of Geoves; besides Geoves don't recognize claims for any damages.

Finally, it is excluded from the warranty the product repaired, tampered with, or if there have been modifications by unauthorized third parties, for use other than one described in the technical documentation for failure or inefficient maintenance.

The warranty have to be intended **ex-factory**.

### OUT OF WARRANTY REPAIRS

The support services for out-of-warranty instruments will be carried out at the rates in the current and final price list and in any case evaluated after the technical inspection in the laboratory. The warranty applied to Geoves product repaired out of warranty is **6 months** from the date of delivery.
